

## How To Submit Your Expedition Presentation

Expedition Presentations must be submitted in electronic form to your Assessor. They should be posted using an on-line medium such as YouTube, Flickr, or other free service which the Assessor can easily access. It is important that regardless of the service you choose that your team name, expedition type (Bronze, Silver, or Gold), expedition location, and expedition dates show clearly on the presentation.

Below are some recommended ways to submit your presentation. Your Assessor will have noted how you intend to present the finding of your expedition so please submit your presentation in the correct format.

- **Photos** – a selection of the photos can be put into a Windows MovieMaker movie and uploaded to YouTube. Alternatively, you could create an account on <http://www.flickr.com/> and post them there. Or else create a blog using [www.blogger.com](http://www.blogger.com) or other free service and post them there.
- **Powerpoint** – Powerpoint presentations can be converted to .avi movie files using a free utility. <http://www.xilisoft.com/powerpoint-to-video-converter-free.html> is one that can do the job. Then the video can be uploaded to YouTube. If you cannot do a conversion to a movie from your Powerpoint then you can send the Powerpoint to us using a service such as <https://www.transferbigfiles.com/>
- **Video** – just upload it straight to YouTube
- **Poster** – Take a photograph of the poster and send it to us by email.
- **Calendar** – either take a picture of the calendar, or else send us the original computer file from Publisher or whichever program you used to create the calendar.
- **Notes, Journals, or other written reports** – either take a picture of the various pages and create a Powerpoint, scan them, or assemble them in a such a way that you can post them on-line as for photos or Powerpoint presentations above.

**When your presentation is ready** you should email the link to the on-line location to:

[presentations@interaxion.org](mailto:presentations@interaxion.org)

DO NOT send your Powerpoint or piles of pictures to us directly. We only want the link pointing to the place where you've uploaded them!

And please remember to include your team name, and expedition information explained above.

Good luck. We look forward to seeing your finished presentation.
